

MARSHITEN'S GIFT SOLUTION - REDEALS

Properly assembled clues are given in grid order below. The clues for four-letter entries each split within a word, with a single letter being jettisoned. Taken lowest entry number to highest (note that these entries begin uniquely 3-14), these letters spell WIKI HANAFUDA. The wikipedia entry about Hanafuda cards shows those below the grid.

ACROSS

- 147. Towering over
- 83. Jacques Cousteau invention
- 50. Borough or cocktail
- 92. The opposite of singly
- 115. Male[F]actors' group
- 64. Greek wine
- 140. Is part[A]king of

Attach the 12 four-letter entries to the given cards, as instructed, assigning entries lowest to highest, right to left. This assigns to each of those answers its card's month and 1-4 position (per Wiki, which is not necessarily canonical). Ordering by month and extracting the letter in the matching position spells GUESS REDEALS.
