

RUNES SOLUTION - ARTICLE

Each puzzle grid is a “Strands”-type puzzle. The yellow “spangram” in each grid depicts a homophone of a member of another set. Index into each new member using the number given with its correct grid, then do the same for the item in that new grid. This forms a loop of letters, which (direction and starting point determined by the solver) spells the answer ARTICLE.

J	JAY	2	A
caret	CARROT	4	R
steps	STEPPES	2	T
cane	CAINE	3	I
check	CZECH	1	C
bell	BELLE	4	L
Aries	ARES	3	E
